

March 24, 2005

Dear Colleagues,

Attached is a spreadsheet with all of the participants sorted by Carnegie Classification, and then by size of collection (titles). It works out to 11 groups, and then there would be a 12th group which would be all of Illinois.

I understand that Carnegie Classification and size may not work for everyone, so if you have a problem with your assignment, please let me know and we will attempt to work it out.

These peer groups would be used for comparison in the new OCLC Collection Analysis product. The subscription would start on July 1, 2005 and go through June 30, 2006.

Looking forward to hearing from you.
Mary Munroe
